WHAT MAKES A CHAMPION ATHLETE?

IS IT CONDITIONING . . . coaching . . . teamwork . . . physique . . . sportsmanship . . . competitive spirit . . . or just plain honest-to-goodness athletic skill?

We don't pretend to be athletic experts, because our job is to manufacture high quality textile products. But as sporting fans we think it would be safe to say that an athletic champion is the result of all these fine qualities.

We know that it has taken a combination of great leadership, manufacturing know-how, careful planning, employee loyalty, and skilled teamwork to make Burlington Mills a champion in the textile industry. The Company's many accomplishments and progressive growth during the past 27 years are well known. We are proud of this record and equally proud of our 32,000 employees who have worked together with real team spirit as members of the Burlington team.

It's a fact that Burlington's fine fabrics, hosiery and other textile products are truly "Woven into the Life of America"—just as every Burlington plant is woven into the life of its own community.
